CREATE!

What is Meograph?

Meograph helps easily create, watch, and share interactive stories. Our first product combines maps, timeline, links, and multimedia to tell stories in context of where and when.

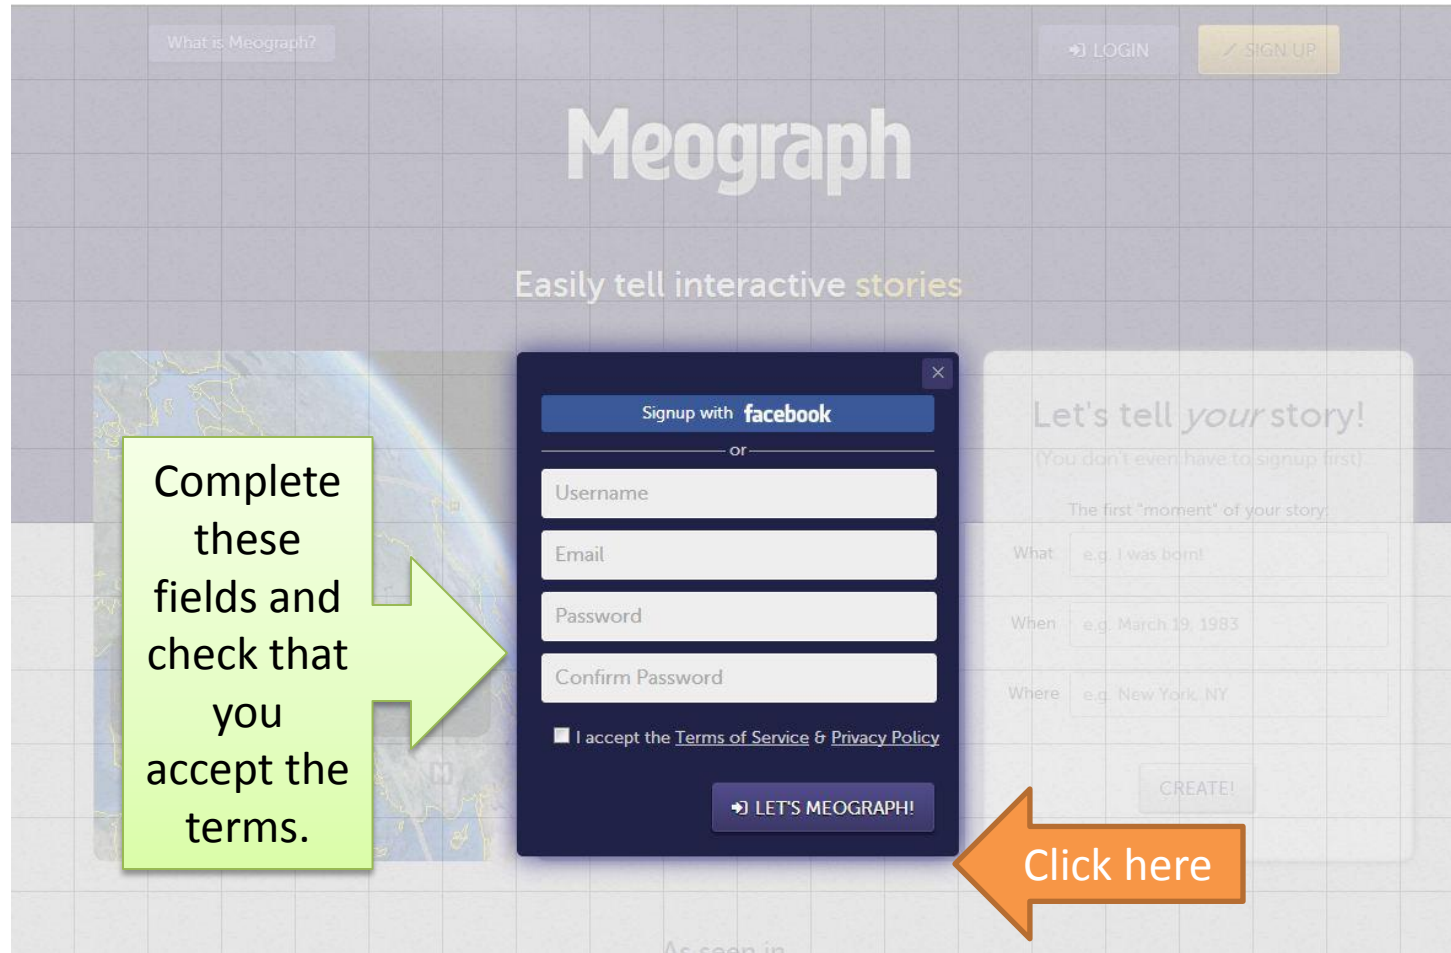

Authoring is structured into a few simple prompts on an intuitive interface. Viewers get a new form of media that they can watch in two minutes or explore for an hour. Sharing is easy: the two most viral types of media are videos and infographics ... Meograph is both.

<http://www.meograph.com/>

These directions were created using Google Chrome.

Meograph works best in the Chrome or FireFox browsers. It works in Internet Explorer with the Google Chrome frame installed.

You will need to create an account

The screenshot shows the Meograph website interface. At the top, there is a navigation bar with a link "What is Meograph?", a "LOGIN" button, and a "SIGN UP" button. The main heading "Meograph" is prominently displayed, followed by the tagline "Easily tell interactive stories". A central modal window is open for account creation, featuring a "Signup with facebook" option, a "or" separator, and input fields for "Username", "Email", "Password", and "Confirm Password". Below these fields is a checkbox for "I accept the Terms of Service & Privacy Policy" and a "LET'S MEOGRAPH!" button. To the right of the modal, a "Let's tell your story!" section is visible, with a "CREATE!" button. A green callout box on the left contains the text "Complete these fields and check that you accept the terms." with an arrow pointing to the form fields. An orange callout box at the bottom right contains the text "Click here" with an arrow pointing to the "LET'S MEOGRAPH!" button.

When I created my account, I was sent a confirmation email. You do not need to activate your account, and you should be able to work immediately.

Once you create your account, you will see...

The screenshot shows the Meograph website interface. At the top, the Meograph logo is on the left, followed by the tagline "Four-dimensional storytelling". On the right, there are links for "How-to video" and "Feedback", and a user profile icon. The main heading is "Welcome to Meograph!". Below this, there is a yellow star icon with the text "Click to get started" and an arrow pointing to a "+ CREATE A MEOGRAPH" button in the right sidebar. A callout box on the left says "I recommend that you watch the how-to video" with an arrow pointing to a "Meograph how-to video" player. The video player shows a map of San Francisco, CA, with a play button overlay. The sidebar on the right shows the user profile "Jgoodburn" with "0 Meographs" and the "+ CREATE A MEOGRAPH" button. The bottom of the page has the copyright notice "Meograph © 2012".

Click on “Create a meograph” when ready to begin

Click on pencil to add the cover picture from your computer

The screenshot shows the Meograph BETA web interface. At the top, there's a dark blue header with the Meograph logo, the text "Four-dimensional storytelling", and links for "How-to video" and "Feedback". Below the header, a grey bar says "Edit mode on. Click 'done & save' below when finished." The main content area is titled "New Meograph 1" and features a world map. On the left, a sidebar contains a pencil icon, a "+ ADD A MOMENT" button, and a "Click to begin your story" link. At the bottom, there's a "Publish:" section with "On" and "Off" buttons, and a "Delete" link. Several callout boxes provide instructions: a yellow box on the left points to the pencil icon; a green box points to the "+ ADD A MOMENT" button; a light green box points to the title "New Meograph 1"; and an orange box at the bottom points to the "Publish:" section.

To return to a project in progress

The screenshot shows the Meograph website interface. The main content area displays a project titled "Constitutional Convention" with 4 views and 3 shares. It features a map of France with a green square marker over Paris, labeled "Square Thomas Jefferson 1743 - 1826". Below the map is a timeline showing the years 1784 and 1787. The right sidebar shows the user's profile "jgoodburn" with a "My Channel" link. A blue arrow points to this link, with text indicating the steps to return to a project in progress.

Publishing and Deleting Projects

The screenshot displays the Meograph Beta web application interface. At the top, the header includes the Meograph BETA logo, the tagline "Four-dimensional storytelling", and links for "How-to video", "Feedback", and a user profile icon. Below the header, a status bar indicates "Edit mode on. Click 'done & save' below when finished."

The main workspace is divided into two primary sections. On the left is a sidebar for project management, featuring a thumbnail for the "Constitutional Convention" project, an "ADD A MOMENT" button, and a list of moments including "Introduction", "When: 1784", "Where: Paris, France", "What: Jefferson serves as American Minister", "Media", "Narration", "Link", "Date - Empty moment", and "Conclusion". On the right is the main editing area, which includes a map of Europe with a location pin over Paris, France. A timeline at the bottom of the map shows the year 1784. A "NARRATION" panel is open, displaying the text "Jefferson serves as American Minister" and options to "Add Media: PHOTO" or "YOUTUBE". A "DONE & SAVE" button is located in the top right corner of the editing area.

At the bottom of the interface, there are controls for "Trajectories" (On/Off) and "Publish" (On/Off). A green arrow points to the "Delete" button, and an orange arrow points to the "Publish" button.

Turn publish on when you are finished

Tips and Tricks

- If you want to use an image via URL, click on the YouTube button for adding media and paste the URL there.
- I did not find a way to block comments, but unless someone knows the URL or specifically looks for your project, they are not readily available as there isn't a public gallery.
- Save each moment as you add them. (However, I purposely closed the site and re-opened it, and all of my work had been saved.)
- To change your password, click on your account image and then on settings.
- Log out is in the same menu with Settings and My Channel.
